STAT

Dear [redacted]

Subject: TCH Status

STAT

The attached memoranda ironing out certain aspects of the status of TCH's employed by USFJ came to light during a recent call made on the Political Advisor to the High Commissioner. We are interested in the matter because of the affect Reversion will have on future bureau operations.

From the memos it appears that TCH's employed by FBIS bureaus under USFJ are subject to Japanese income tax, but we would appreciate your sending us copies of the correspondence [redacted] had with the IRS and J-2 [redacted]. It also appears that your TCH PY privileges are quite legal, a point Bob says he was doubtful about before.
